Application Form

For participation in Summer School
Structures in Lie Representation Theory

This form should be sent to i.penkov@jacobs-university.de together with a letter of recommendation from your advisor (if you are a student) and from your former advisor or from another senior researcher in the field (if you hold a Ph. D. degree). If you are not a student please send also your CV.

First name: Tanusree

Family name: Pal

Address: Harish-Chandra Research Institute
Chhatnag Road, Jhunsi,
Allahabad, Uttar Pradesh
India, 211019.

Affiliation (University, Department, Host): Harish-Chandra Research Institute
Department of Mathematics,
Ph.D Advisor: Dr Punita Batra

Current status (student or Ph. D. degree not older than 2004):
Finishing Graduate Student
at Harish-Chandra Research Institute, Allahabad, India.

E-mail: tanusree@mri.ernet.in

Arrival date (_08.08.2009_). Departure date (_23.08.2009_).

Requests for support:

(a) Accommodation and board (3 meals per day) _Yes_ (yes/no)

(b) Travel support (grant will depend on country of origin) _Yes_ (yes/no)

Other requests and comments :

This school will give me an excellent opportunity to learn the topics covered from the leading experts in the field and to interact with people either attending or lecturing. If at least the local support could be covered I could

apply to a Funding Agency in India (National Board of Higher Mathematics) to support my travel expenses. I would be really grateful if financial support could be granted.

I have another request. For my Ph.d thesis I have worked on the Integrable representations of the multi-loop Lie algebras and the Lie tori coordinated by cyclotomic quantum tori. Will be be possible to give a presentation on the work that I have completed as part of my Ph.D dissertation.
