CURRICULUM VITAE

of

Elena Kireeva

Date of birth: August 20, 1975.

Place of birth: Moscow, Russia.

Citizenship: Russian Federation.

Current official address: Department of Algebra, Moscow Pedagogical State University, 14 Krasnoprudnaya St., Moscow 107140, Russia.

E-mails: kireeva_elena@yahoo.com

Mathematical education:

1. University education at Moscow Pedagogical State University, 1992-1997. University degree with excellent opinion. Thesis: "Identities of nilpotent groups". Advisor: Prof. Alexei N. Krasilnikov.

2. Post-graduate course at Moscow Pedagogical State University, 1997-2000. Advisor: Prof. Alexei N. Krasilnikov.

3. Ph.D. Moscow Pedagogical State University, 2004. Ph.D. thesis: "T-spaces in associative algebras". Advisor: Prof. Alexei N. Krasilnikov.

Research interests: Group representation theory, representation theory of a symmetric group and related questions.

PI-theory, polynomial identities in associative algebras and rings.

Employment:

09/2000 - 02/2006: Senior Lecturer at the Algebra Department of Moscow Pedagogical State University, Moscow, Russia.

02/2006 - 09/2006: Associate Professor at the Algebra Department of Moscow Pedagogical State University, Moscow, Russia.

10/2006 - 10/2008: Post-doctoral fellow at Weizmann Institute of Science, Rehovot, Israel. Host — Prof. Amitai Regev.

10/2008 - present: Associate Professor at the Algebra Department of Moscow Pedagogical State University, Moscow, Russia.

Workshops and Conferences:

1. November 2000. International Algebraic Seminar dedicated to the 70-th anniversary of research algebraic seminar at Moscow State University, Moscow, Russia.

2. September 2001. IV International Conference "Modern Problems of Number Theory and Its Application" dedicated to 180-th anniversary of P.L. Chebysheff and 110-th anniversary of I.M. Vinogradov, Tula, Russia. Title of the talk: " On finite generation of fully invariant submodules in some relatively free associative algebras".

3. June 2002. International Seminar "Algebra and Linear Optimization", Ekaterinburg, Russia. Title of the talk: "On some extremal varieties of associative algebras".

4. September 2002. International Algebraic Conference dedicated to the memory of Z.I. Borevich, St. Peterburg, Russia. Title of the talk: "On some extremal varieties of associative algebras"

5. June 2003. V International conference "Algebra and number theory: modern problems and applications", Tula, Russia. Title of the talk: "On some extremal varieties of associative algebras".

6. June 2003. The 10th International Conference "Groups and Group rings", Institute of mathematics of Silesian University of Technology at Gliwice, Ustron, Poland. Title of the talk: "Some extremal varieties of associative algebras".

7. July 2003. International Conference on Algebras, Modules and Rings, University of Lisbon, Lisbon, Portugal. Title of the talk:"Some extremal varieties of associative algebras".

8. May-June 2004. International algebraic conference dedicated 250th anniversary of Moscow State University and 75th anniversary of the Algebra Department, Moscow, Russia. Title of the talk: "Limit T-spaces".

9. July, 2005. 5th International Algebraic Conference in Ukraine. Odessa, Ukraine. Title of the talk: "Limit T-spaces".

10. August-September, 2005. International algebraic conference dedicated to the 100th birthday of P.G. Kontorovich and 70th birthday of L.N. Shevrin, Ekaterinburg, Russia. Title of the talk: "On limit T-spaces".

11. July-August, 2006. International Conference on Radicals (ICOR-2006), Kyiv, Ukraine.

12. July, 2007. A conference "Groups and their actions", Bedlewo (near Poznan), Poland.

13. September, 2007. International Algebraic Conference dedicated to 100th anniver-

sary of D.K.Fadeev, Saint-Peterburg, Russia.

14. May, 2008. Workshop "The Representation Dimention of Artin Algebras". University of Bielefeld, Bielefeld, Germany.

15. June, 2008. Workshop "Homotopical Group Theory and Topological Algebraic Geometry". University of Copenhagen, Department of Mathematical Sciences, Copenhagen, Denmark.

Mathematicians who can give a reference concerning my work:

1. Prof. Amitai Regev. Department of Mathematics, Weizmann Institute of Science.
Rehovot, 76100, Israel.
e-mail: amitai.regev@weizmann.ac.il

2. Prof. E.B. Plotkin. Department of Mathematics, Bar-Ilan University.
Ramat Gan, 52900, Israel.
e-mail: plotkin@macs.biu.ac.il

3. Prof. A.N. Krasilnikov. Department of Mathematics, University of Brasilia.
70910-900, Brasilia-DF, Brazil.
e-mail: alexei@mat.unb.br

4. Prof. A.A. Fomin. Head of Algebra Department, Faculty of Mathematics, Moscow Pedagogical State University.
Krasnoprudnaya st., 14, Moscow 107140, Russia.
e-mail: alexander.fomin@mail.ru

5. Prof. A.V. Mikhalev. Department of Algebra, Faculty of Mechanics and Mathematics, Moscow State University.
119992, Leninskie gory, Moscow.
e-mail: mikhalev@rector.msu.ru
